№ 01/24181

26 / April / 2018

To Embassy of Japan to Georgia

Letter of Recommendation

It is my pleasure to address you in support of the project "Establishing Health stations/Outpatient facilities in the regions" that is being submitted by JSC "Sachkhere Hospital - Polyclinic Union".

I have been personally observing development and progress taking place at Sachkhere Hospital - Polyclinic Union for the last several years and I can assure you that the current project dedicated to Health stations/Outpatient facilities in the regions will critically improve health care service delivery in the remote areas of Georgia.

Considering the hospital's capability and knowledge of existing problems within Sachkhere region, I believe that by implementing of the project hospital will be able to make significant contribution to the development of health care system in Georgia.

Ministry of Labour, Health and Social Affairs of Georgia will be observing the project implementation with great interest and would like to acknowledge full support for the proposed project.

Sincerely yours,

Minister

David Sergeenko
