

THE WORLD BANK

Working for a World Free of Poverty

MISSION

The World Bank Group has two ambitious goals:

End extreme poverty within a generation and boost shared

UNIVERSAL FINANCIAL ACCESS -2030 {FINANCIAL INCLUSION NOT EXCLUSION}

Don't stay out of poverty: get out of poverty forever!

In our bid to set the world free from poverty, we have decided to reach as many as 10,000 individuals, organizations, industries both in the private and public sector; in different parts of the world to empower them and encourage the growth of agricultural sector and entrepreneurship.

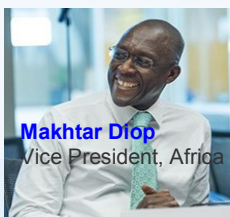

To ensure equity in the distribution of fund, beneficiaries from around the world are chosen randomly with no attached criterion. However, disbursement of fund to individual, organization or company shall be prior to basic scrutiny.

We are aware of the fact that most people in the developed countries seldom access their personal emails; as other social media have overtaken email as speedy means of communication. Sequel to this we have chosen to reach our target through email. This is to make sure that we get to the target people and avoid making the rich get richer while the poor get poorer.

This message is a confirmation that your email was among those randomly picked for this empowerment. You are required on receiving this email to contact the general coordinator of this financial project so as to be able to redeem a cash empowerment depending on your category:

Individual	\$ 300,000.00
Governmental Organisation	\$ 1,000,000.00 and above
Non Governmental Organisations	\$ 2,500,000.00 and above
Others	Not Specified.

Project coordinator

Makhtar Diop
Vice President, Africa
