3. Multi-stakeholder panels

The two multi-stakeholder panels will be held in parallel to the plenary segment, and will address the following themes:

Panel 1: Universal Health Coverage as a driver of equity, inclusive development and prosperity for all.

Panel 2: Accelerating Multi-sectoral and Multi-Stakeholder Action and Investments for achieving Universal Health Coverage.

Each of the two multi-stakeholder panels will be co-chaired by two representatives, one from a developed country and one from a developing country, to be appointed by the President of the General Assembly from among the Heads of State or Government attending

the High-level meeting, in consultation with Member States, taking into account gender equity, level of development and geographical representation.

Each multi-stakeholder panel will include speakers invited by the President of the General Assembly. The President of the General Assembly may invite parliamentarians, local governments, the heads or senior representatives of relevant United Nations entities, development partners, civil society, the private sector, academia, medical associations, indigenous leadership and community organizations to serve as speakers on the panels, taking into account gender equity, level of development and geographical representation. Discussions in the multi-stakeholder panels are intended to be interactive in nature and there will be no pre-established list of speakers. In such cases, in accordance with rule 53 of the Rules of Procedure of the Assembly, the delegation in question must provide either an interpreter from the non-official language into an official language, or a written text of the statement in one of the official languages to be read out by a United Nations interpreter. On the basis of this interpretation or the written text which is accepted by the Secretariat as representing the official text of the statement, it will be interpreted into the other official languages by United Nations interpreters.

When a written text is provided, the delegation concerned should make available to the interpreter someone who knows the language in which the statement is to be delivered and the official language into which it has been translated, to guide the interpreter through the translated text and to ensure synchronization between the speaker and the interpreter. Detailed arrangements for interpretation from non-official languages, including access by non-United Nations interpreters to the interpreter booths in the conference room, must be made in advance through the Meetings Management. The interpreter or the guide provided by the delegation should be brought by the delegation to the conference officers' desk in the conference room 30 minutes prior to the delivery of the statement.
