

FROM POLITICAL COMMITMENTS TO ACTIONS: THE WAY FORWARD FOR UHC

DATE: 23 SEPTEMBER 2019

TIME: 18:30 – 20:00 HRS

VENUE: UN BUILDING, NEW YORK, USA

On the occasion of the United Nations High Level Meeting on UHC, the World Health Organization (WHO) seeks to bring together world leaders, advocates and champions of UHC to demonstrate their political will and commitment to making UHC a reality by 2030.

This side event builds on the achievements of the UHC-Partnership, a collaboration of WHO, the European Union, France, Ireland, Japan, Luxembourg and the United Kingdom of Great Britain and Northern Ireland. The UHC-Partnership has demonstrated positive experiences of WHO's work in building country systems and capacities to advance UHC. The side event will explore how the key players in UHC and Global Health, Heads of State/Heads of Government, philanthropies and multilateral institutions together with WHO and other technical agencies, can support the operationalization and scale-up investments in the health sector to advance UHC and the SDGs agenda for improved social and economic returns on investments.

Your participation in this high-level dialogue would enable WHO, partners and countries to advance UHC globally. You are requested to save the date for this high level event. The formal invitation will follow shortly.
