Prot. 746

Tbilisi, August 2, 2018

Dear Minister,

I have the pleasure to draw Your attention on the upcoming 68th session of the WHO Regional Committee for Europe, that will be held in Rome from 17 to 20 September 2018 (see attached letter).

As host country and co-organizer, Italy is primarily involved in the organizational effort to make a fruitful and successful event. Given the recent Memoranda of Understanding signed between Italy and Georgia during the President of the Italian Republic (16-17 July, 2018) and the recent mission of your Deputy Minister Maia Lagvilava to Italy (June 2018), we wish that Georgia will be represented at its highest level at the Rome Session of the Regional Committee for Europe, taking this chance also to further deepen our bilateral cooperation in Health issues.

Mr. Minister, please accept the senses of my highest consideration.

Stefano Crescenzi

Chargé d'Affaires

H.E. Davit Sergeenko
Minister of Health and Labour of Georgia
