

Provisional Program

I. Central and Eastern European Ministerial Conference on Partnership and Cooperation in Oncology 12-14 June, 2019. BUDAPEST Venue: Várkert Bazár

The language of the event is English, Russian and Hungarian with simultaneous translation

8:30-9:00 Registration

9:00-09:30 Ceremonial opening

Prof. Dr. Miklós Kásler, Minister for Human Capacities, Hungary

9:30-11:00 I. Ministerial Round Table with participating Ministers

Chair: Dr. Ildikó Horváth, State Secretary for Health, Hungary

11:00-11:30 Coffee break

11:30-13:00 II. Ministerial Round Table with participating Ministers

Chair: Dr. Orsolya Pacsay-Tomassich, State Secretary for International Affairs, Hungary

**13:00-13:05 Adoption of Budapest Declaration: CEE Cooperation and Partnership
in the field of Oncology**

13:05-14:30 Seated lunch for ministers / buffet for delegation members

14:30-16:00 Workshop on CEE Oncological Cooperation in Education

Discussion on various ways of cooperation between the Central Eastern European Academy of Oncology and the participating countries

16:00-16.20 Coffee break

**16:20-17:50 Current State-of-the Art and a Glimpse of the future
(prostate, breast, lung, skin, colorectal, haematology cancers)**

Prof. Julio E. Celis PhD

Associated Scientific Director of the Danish Cancer Society Research Center in Copenhagen

President of the European Association for Cancer Research (EACR)

Chairman of the Policy Committee at the European CanCer Organisation (ECCO)

Tibor Kovacs MD, PhD, FEBS, FRCS President of the European Society of Surgical Oncology

Prof Csaba Polgár MD, PhD, dr habil, DSc Director of the National Institute of Oncology, Hungary

Prof Ulrik Ringborg MD, PhD Director of the Cancer Center Karolinska, Sweden

Prof David Zaridze MD, PhD, DSc President of the Russian Cancer Society

Prof Peter Boyle BSc, PhD, DSc (Med), FRCS President of the International Prevention Research Institute, Lyon, France

13-14. June 2019

First International Congress of the Central-Eastern European Breast Cancer Surgical Consortium

Patron of the Congress: Prof Dr Miklós Kásler MD, PhD, DSc, dr hc, FRCS
Minister for Human Capacities, Hungary

Scientific Committee of the 1st Congress of the CEEBCSC:

Zoltán Mátrai MD, PhD, Dr habil, FEBS - Hungary

Dawid Murawa MD, PhD, Dr habil - Poland

Prof Petr Vladimirovich Krivorotko MD, PhD – Russian Federation

Prof Jerzy Jankau MD, PhD, DSc - Poland

Prof Alexandru Blidaru MD, PhD - Romania

Zhygulin Andrii MD - Ukraine

Prof Vladislav Treska, MD, PhD - Czech Republic

Ákos Sávolt MD, PhD - Hungary

Prof Martin Sabol, MD, PhD - Slovakia

Prof Janez Zgajnar, MD, PhD, - Slovenia

Prof Dr Artur Avetisyan MD, PhD - Armenia

Day 2. 13. June 2019		
Chairs: Zoltán Mátrai, Dawid Murawa		
Zoltán Mátrai MD, PhD, Dr habil, FEBS Head of Dept Breast and Sarcoma Surgery, National Institute of Oncology, Hungary President of the Hungarian Society of Oncology	About the Central–Eastern European Breast Cancer Surgical Consortium (Central and Eastern European breast cancer epidemiological data, aims of the CEEBCSC, structure of the organization, future perspectives)	08.15.- 08.30.
Prof Dr med Thorsten Kühn PhD Chief of Department of Gynecology and Obstetrics Head of the Interdisciplinary Breast Center Klinikum Esslingen Germany	The European Breast Cancer Research Association of Surgical Trialists (EUBREAST) An international collaborative non-profit initiative.	08.30.- 08.45.
Prof Gábor Cserni MD, PhD, DSc Department of Pathology, Bács-Kiskun County Teaching Hospital, Kecskemét Department of Pathology University of Szeged, Hungary	Updates of breast cancer in the 8th TNM	08.45.- 09.00.
Prof Petr Vladimirovich Krivorotko, MD, PhD N.N. Petrov National Research Center of Oncology, St. Petersburg, Russian Federation	Resection margin evaluation in oncoplastic breast surgery. Suggestions for standardisation	09.00.- 09.15.
Alexander Bessonov MD, PhD N.N. Petrov National Research Center of Oncology, St. Petersburg, Russian	What is new in San Antonio Breast Cancer Symposium®: 2018 SABCS®	09.15.- 09.30.

Federation		
Discussion		09.30.- 09.45.
Chairs: Prof Jerzy Jankau, Prof Petr Vladimirovich Krivorotko, Prof Agnieszka Kolacinska		
Prof Janez Zgajnar MD, PhD, Institute of Oncology Ljubljana, Slovenia	Axillary dissection versus no axillary dissection in patients with breast cancer and sentinel-node metastases	09.50.- 10.05.
Prof Vladislav Treska, MD, PhD Head of the Department of Surgery Vice-Dean of School of Medicine in Pilsen Charles University in Prague Czech Republic	Breast cancer liver metastases – the role of surgery	10.05.- 10.20.
Prof Dr Artur Avetisyan Clinical Director Head of Breast Unit National Center of Oncology Yerevan, Armenia	Trends in surgery of nonpalpable tumours in modern breast surgery	10.20.- 10.35.
Prof Alexandru Blidaru MD Department of Surgery, - „Carol Davila” University of Medicine and Pharmacy, Bucharest Head of the Surgical and Gynecological Oncology II Department, “Prof. Dr. Al. Trestioreanu” Institute of Oncology, Bucharest, Romania, President of the Romanian Society of Breast Surgery and Oncology	Risk reducing contralateral mastectomy in breast cancer	10.35.- 10.50.
Borbála Halom Founder of patient advocacy group "Breastcancer-info" ("Mellrákinfo Egyesület") www.mellrakinfo.hu	Patient perspective in breast cancer surgical care in Hungary	10.50.- 11.05
Discussion		11.05.- 11.20.
Coffee break		11.20.- 11.50.
Chairs: Prof Alexandru Blidaru, Prof Martin Sabol, Prof Slawomir Ciesla		
Prof nadzw. dr hab. N. med. Wojciech M. Wysocki Centrum Onkologii - Instytut im. Marii Sklodowskiej-Curie Kraków, Poland Editor in Chief, Nowotwory Journal of Oncology	Surgical anatomy of the breast from the oncoplastic point of view	11.50.- 12.05.
Prof Walter Weber MD Head of Dept. of Breast Surgery Klinik für Allgemeinchirurgie Universitätsspital Basel, Switzerland Founder and President of the Oncoplastic Breast Consortium, Switzerland	Standardisation in oncoplastic breast surgery	12.05.- 12.20.

Prof Slawomir Ciesla MD., Ph.D, Head of Human Anatomy, General Surgery Dept. HVSchool in Leszno, Department of General, Vascular and Oncological Surgery Regional Hospital in Leszno, Poland	Level I oncoplastic breast conserving surgical techniques	12.20.- 12.35.
Prof Lynda Wyld BMedSci, MBChB, PhD, FRCS (Gen Surg) Professor of Surgical Oncology Honorary Consultant Surgeon, The Jasmine Breast Centre, Doncaster President of the British Association for Surgical Oncology, United Kingdom	Level II oncoplastic breast conserving surgical techniques	12.35.- 12.50.
Discussion		12.50.- 13.05.
Lunch		13.05.- 14.00.
Chairs: Zhygulin Andrii, Prof Lucie Zárubová, Prof Janez Zgajnar		
Prof Marjut Leidenius MD, PhD Head of the Unit of Breast Surgery Helsinki University Central Hospital, Finland	Complications after oncoplastic breast conserving surgeries. Analysis and management	14.00.- 14.15.
Prof Agnieszka Kolacinska, MD, PhD Medical University of Lodz, Poland	Skin, areola and nipple sparing mastectomies	14.15.- 14.30.
Prof Martin Sabol, MD, PhD Dept. of Surgical Oncology St. Elisabeth Cancer Institute and Medical Faculty of Comenius University Bratislava, Slovakia	Predictive factors of invasion in patients with preoperative diagnosis of DCIS – single-center nomogram	14.30.- 14.45.
Prof Dawid Murawa MD, PhD Hospital of the Baptism Monument of Poland, Gniezno, Poland, Chair of Surgery and Oncology, Faculty of Medicine and Health Sciences, University Zielona Góra, Poland	The role of biological matrices and synthetic meshes in immediate postmastectomy breast reconstruction	14.45.- 15.00.
Prof Roland Reitsamer MD, PhD Breast Center at Dept. of Senology Paracelsus Medical University of Salzburg, Austria	Prepectoral implant based postmastectomy breast reconstruction	15.00.- 15.15.
Discussion		15.15.- 15.30.
Chairs: Prof Wojciech M. Wysocki, Prof Vladislav Treska, Prof Dr Artur Avetisyan		
Prof Florian Fitzal, MD, MBA, FEBS Head of Dept. of Breast Surgery Brustgesundheitszentrum,	Updates of the 16th St. Gallen International Breast Cancer Conference Primary Therapy of Early	15.30- 15.45.

Comprehensive Cancer Center Vienna 21A Abteilung für Chirurgie Medizinische Universität Wien	Breast Cancer Vienna, Austria, March 2019	
Zhygulin Andrii MD Head of Breast Unit, LISOD Hospital of Israeli Oncology, Kyiv, Ukraine	Complications after immediate postmastectomy breast reconstruction. Analysis and management	15.45.- 16.00.
Prof Jerzy Jankau MD, PhD Head of the Clinic of PLastic Surgery of Medical University of Gdansk, Gdansk, Poland	Presence and future of autologous breast reconstruction	16.00.- 16.15.
MUDr Daniel Dyttert, PhD Dept. of Surgical Oncology St. Elisabeth Cancer Institute and Medical Faculty of Comenius University Bratislava, Slovakia	Current view on management of axilla in patients with early breast cancer.	16.15.- 16.30.
Prof Lucie Zárubová MD Clinic of Plastic Surgery, University Hospital Královské Vinohrady Prague, Czech Republic	Adjuvant radiotherapy and oncoplastic surgery/postmastectomy breast reconstruction	16.30.- 16.45.
Discussion		16.45.- 17.00.
Round table discussion about the orgnizational structure, aims, presence and future of the CEEBCSC		17.00- 18.00
Closure of the congress Dinner		

First Workshop of the Central and Eastern European Academy of Oncology:
Organized by the Central-Eastern European Breast Cancer Surgical Consortium
(The scientific programme of the third day is organized and performed by the oncoplastic breast surgeons of the Dept. of Breast and Sarcoma Surgery, National Institute of Oncology, Budapest, Hungary)

Day 3. 14. June 2019		
Zoltán Mátrai MD, PhD, Dr habil, FEBS	Welcome and registration	08.00- 08.30.
Moderator: Prof Gusztáv Gulyás MD, PhD	Breast cancer surgery in practice: live from the operation theatre with moderation <i>(2-3 operations, 2 oncoplastic breast conservation procedures and/or 1-2 adequate mastectomy techniques and immediate breast reconstructions with autologous and/or implant based technique.) The operations are performed by Zoltán Mátrai and/or Péter Kelemen with the possibility of active assistance of one of the guest colleagues.</i>	08.30- 14.00.
Prof Csaba Polgár MD, PhD, Dr habil, DSc Gábor Rubovszky MD,	What is new in breast oncology? <i>(molecular genetical subtypes of breast cancer, multidisciplinary decision making and complex care planning, patient's choice, surgical margins, updates in sentinel lymph node biopsy, updates in breast irradiation,</i>	14.40.- 15.40.

PhD Ákos Sávolt MD, PhD	<i>updates in medical oncology for breast cancer treatment, primary systemic therapies, personalised oncology etc.)</i>	
Péter Kelemen MD	Comparison of clinicopathologic, cosmetic and quality of life outcomes in 700 oncoplastic and conventional breast-conserving surgery cases: A single-centre retrospective study. <i>(oncological safety, frequency of complications, initiation time of adjuvant therapy, aesthetic outcome, quality of life and operation time.)</i>	15.40- 15.55.
Dávid Pukancsik MD, PhD	Cosmetic and Functional Outcomes After Breast Conserving Surgery. A prospective cohort study of the tumor and breast volume ratio. ClinicalTrials.gov ID: NCT01496001	15.55.- 16.10.
Zoltán Mátrai MD, PhD, Dr habil, FEBS	Modified oncoplastic technique of therapeutic mammoplasty <i>(including OPS technique with skin island transposition for tumors located direct under the skin and in problematic breast quadrants, resection of large tumors, "biquadrentectomies", trics and tips)</i>	16.10.- 16.25.
Zoltán Mátrai MD, PhD, Dr habil, FEBS	The retroglandular oncoplastic technique as a standard Level I oncoplastic breast-conserving surgery <i>(trics and tips)</i>	16.25.- 16.40.
Coffee break		16.40- 17.00
Mihály Újhelyi MD, PhD	Evaluation of Patient Knowledge, Desire, and Psychosocial Background regarding Postmastectomy Breast Reconstruction in Hungary: A Questionnaire Study of 500 Cases. <i>(Representing the possible Central Eastern –European situation in the field of postmatectomy breast reconstruction)</i>	17.00.- 17.15.
Tamás Mátrai MD	Mapping of the functional anatomy of lymphatic drainage to the axilla in early breast cancer: A cohort study of 933 cases. <i>(Results of a study to investigate the correlation between lymphatic drainage and the sentinel lymph node (SLN) status of the subregions in the context of the clinic-pathological parameters of the tumour and the coverage of the axillary volumes by standard and high tangential fields for whole breast radiotherapy and axillary reverse mapping.)</i>	17.15.- 17.30
Dávid Pukancsik MD, PhD	Immediate breast reconstruction with silicone breast implant and direct to implant Ultrapro mesh <i>(alternative surgical technique to ADM, results, trics and tips)</i>	17.30- 17.45
Prof Gusztáv Gulyás MD, PhD	Symmetrisation <i>(concepts and techniques for optimal symmetry)</i>	17.45.- 18.00.
Closure of the workshop
