

MOTHERLAND MEDICAL

FULL CORPORATE OFFER

The Government of Georgia
ATT: Minister of Health
02/03/2021

In Response to your request we Motherland Medical, hereby submit our Full Corporate Offer. We confirm with full legal and corporate responsibility under penalty and perjury that we are Ready Willing and Able to supply and deliver the following commodities. Below are the terms and conditions and specifications of the vaccine and conditions of payment.

Background: Britain's Medicines and Healthcare products Regulatory Agency (MHRA) authorised the AstraZeneca-Oxford vaccine on the conditions that the vaccine should be administered in two doses, with the second dose given between 4 and 12 weeks after the first. AstraZeneca had signed an agreement with Serum Institute of India (SII) to produce 1 billion doses of its experimental vaccine for low- and middle-income countries.

Product: Oxford COVID-19 Vaccine – AZD1222/Covishield Solution for injection in multidose container.

Dosage Form: 0.5 ml Dose. One dose (0.5 ml) contains: COVID-19 Vaccine (ChAdOx1-S* recombinant) 5×10^{10} viral particles (vp)

Package: Each Vial contains 10 doses, per dose 0.5 ml

Origin: AstraZeneca Licensed Manufacturing Plant in India (Serum Institute of India/SII) OR UK

Approval: Brazil, UK, INDIA, Argentina, Mexico, Dominican Republic

Storage & Transportation: This Vaccine can be stored and transported at normal refrigerated temps of 2 degrees to 8 degrees Celsius (36 degrees to 46degrees Fahrenheit) for at least six months. The vials shall be shipped via Temperature controlled AIR shipment handled by one of the many global cold chain logistics service providers directly contracted by the factory.
