

**HIRA**

**International Symposium and Training Course on  
COVID-19 Pandemic, Balancing a New Normal by Enhancing Healthcare  
System in Korea**

**Invitation Letter**

September 28, 2020

Dear Your Excellency Ambassador of Georgia,

I would first like to express my sincere appreciation for your hard work toward bilateral cooperation between Georgia and the Republic of Korea.

Every new patient diagnosed with COVID-19 presents new challenges and COVID-19 has been toughest challenges we've ever faced. Korea Health Insurance Review and Assessment Service (HIRA) has endeavored to achieve Universal Health Coverage in the COVID-19 pandemic and decided to operate the virtual International Symposium and Training Course from October 26th to 28th, 2020 as one of our efforts.

2020 HIRA International Online Symposium on COVID-19 Pandemic, Balancing a New Normal by Enhancing Healthcare System will virtually gather experts, government officials, and thought leaders from various countries and international organizations. This event could be the venue for getting ideas on redesigning each country's healthcare system.

For more detailed information, please kindly refer to enclosed brochure.  
I humbly request your cooperation in distributing the brochure to relevant organizations in your country so many health experts can participate in the program.

Sincerely,

**Moosung Kim**

Acting Director General of HIRA International Cooperation Department  
Korea Health Insurance Review and Assessment Service  
Republic of Korea
