№ 01/12239

07 / October / 2020

Mr. Vinay Dixit  
General Manager – CIS  
Hetero Labs Ltd.  
Hyderabad, India

Dear Mr. Dixit,

First of all, I would like to express my sincere gratitude for your kind proposal to initiate collaboration with the Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia regarding accessibility to antiviral drug Remdesivir, manufactured under a license from Gilead Science, Inc.. Georgia as a part of the “Solidarity Trial” was also advised by the WHO to approach you and negotiate on procuring antiviral medication.

Georgia, similar to other counties, is facing significant challenges related to COVID-19 pandemic and consequently, we are taking all necessary measures to efficiently respond to the outbreak and prevent dramatic spread of the diseases. Due to the deterioration of the epidemiological situation, we are committed to use all existing opportunities, including engagement in the study of Remdesivir for the treatment of the patients with severe acute respiratory syndrome of COVID-19 in order to avoid fatal outcomes in the infected patients as far as possible.

Therefore, we urgently need to procure generic form of Remdesivir, initially sufficient for 500 eligible patients and kindly request you to provide us with the product price as well as terms and conditions of delivery as early as possible.

We do hope that our cooperation will be successful and will significantly contribute to the clinical management of the diseases caused by the COVID-19.

Thank you once again for the initiated partnership and looking forward to receiving your feedback.

Sincerely yours,

Minister
