Issue: **Continuation of the Application System Stop-Covid**

Dear Minister Mrs. Ekaterine Tikaradze,

I trust this letter finds you well!

On April 14th, 2020 we signed the contract number P/2703031101/34 with Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia, with a service duration of three months.

On July 15th this contract expired and since then we are trying to conclude a follow-up contract for the services costs of €uro 15,000 per month. As communicated by Maia Nikoleishvili, Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia wants to extend the Application & servication until December 31st, 2020. We further agreed to start the new contract from August 1st, 2020. Until now we did not receive either a timeline for conclusion of the contract/payment, nor a draft contract with the argument of your ongoing procedures with the World Bank.

We support you and we respect the internal procedures of the Ministry and thank you for keeping us informed, however, as a company, we cannot continue cooperation without a contract because it is against the internal regulations and working principles of our company and our partners in this project.

Because our client is Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia, we request timely response for conclusion of contract and payment until September 30th, 2020. To keep this timeline, it is imperative to have the contract signed latest by Friday this week, September 25th, 2020. The service providers of the Application Stop Covid will not accept further delays.

If this timeline is not acceptable to you, please write us a specific date so I am able to coordinate it with the services providers of Stop Covid Application, I highly appreciate.

We are always available for further co-ordinations & remain at your disposal.

Sincerelly,

Michael Grabner
