MINISTRY OF INTERNAL AFFAIRS OF GEORGIA

MIA 0 21 00253976

03/02/2021

To: U.S. Embassy in Georgia

Dear Sir/Madam,

We would like to use this opportunity to nominate **Ms. Tsatsiashvili** for The International Visitor Leadership Program (IVLP). Currently she is a Deputy Minister at the Ministry of Internal Affairs of Georgia (MIA).

She has been working in the public sector of Georgia since 2007 starting her career as an intern at the Prosecutor's Office. She has always been dedicated to her goals: to be an open-minded, experienced public servant and to contribute to the development of public administration with innovative approaches and ideas. She has been working in the MIA for already three years, thus being part of important implemented as well as ongoing reforms of the Ministry.

As a Deputy Director of the Legal Department, she has participated and supervised such crucial activities as examination of draft international treaties, agreements and memoranda and development of relevant conclusions and recommendations within the scope of competence; Legal support for the organizational activities of the Ministry etc. Currently, she is engaged in the activities of different departments of the Ministry. She takes part in determining the framework of the overall objectives of each as well as directly participating in the implementation process.

Georgia is a developing country pursuing a very ambitious agenda of bringing the state closer to the EU standards. The United States has greatly contributed to achieving this goal with its huge support over the years. Participating in the IVLP will give her further opportunity to do her best for Georgia to address the challenges it faces nowadays and thus, contribute to full integration of Georgia into Euro-Atlantic structures. We believe that combination of her experience, knowledge, excellent interpersonal and communication skills will help her accept the challenge the program offers to professional public servants.

Head of the Administration
Ketevan Tkeshelashvili
