Dear Sir/Madam,

This letter is to express support for the Renovation/Reconstruction of the Outpatient Unit (Polyclinic) project that is being submitted by Universal medical Center for funding consideration by the Grassroots Human Security Projects and Grassroots Cultural Grant Project (GCGP).

Universal Medical Center is the only state owned oncological clinic, working in three directions of cancer care. Primary and secondary prevention, quality treatment (surgical, chemotherapy, radiotherapy) and palliative care are united under one umbrella of the Center providing anti-cancer integrated care for Georgian population.

We believe that the project will significantly improve the infrastructure of the State owned medical facility which will be a great opportunity for enhancing the patients' access to a high-quality services and comprehensive cancer care.

The Ministry of Labour, Health and Social Affairs will be observing the project implementation with great interest and would like to acknowledge full support for the proposed project.

Sincerely yours,

Deputy Minister

Nino Berdzuli
