18:00-19:30 Closure of Day 1 – Reception Foyer	
Tuesday 4 July 2017	
Session 5 Presentation of country antimicrobial issues brief for clinicians Moderators: <i>tbc</i>	
8:30-10:30	You have a meeting with the Chief Specialist in Family Medicine (community care) and the Chief Specialist in Internal Medicine (hospital care). They have granted you FIVE minutes in their busy program of clinical matters to understand some of the issues regarding antimicrobial consumption in your country. Each country group will present their 2 page AMC issues brief for clinicians to the Chief Specialists. You should outline the key issues and propose next steps to address what you have found from your analyses. The five minute time limit will be applied so you should focus on the key messages you want to convey to these specialists.
10:30-11:00	Coffee break
Session 6 Presentation of country antimicrobial issues brief for clinicians (<i>continued</i>) Moderators: <i>tbc</i>	
11:00 -12:30	Remaining country groups will present their 2 page AMC issues brief for clinicians.

12:30-13:30	Lunch
