7 March 2017

Representation of the EURO and PAHO constituency on the Gavi Board

Excellency

We have recently been informed that Dr Yolani Batres has left her position at the Ministry of Health, Honduras, to campaign for a parliamentary position in the Honduran elections which will take place in 2018.

As you will see from the attached letter, both His Excellency President Juan Orlando Hernandez and the new Minister of Health, Dr Delia Rivas, have confirmed their support to Dr Batres to continue to represent her country on the Gavi Board.

In this context, and unless otherwise advised by the constituency by not later than Friday 17 March 2017, Dr Batres will continue to serve as a member of the Gavi Board on behalf of the EURO/PAHO constituency until her current term ends on 31 December 2018.

Yours sincerely

Philip Armstrong

Director of Governance
Secretary to the Board
