To: H.E. Mr. David Sergeenko
Minister of Labour, Health and Social Affairs of Georgia

Excellency,

On behalf of the Economic and Commercial Counselor's Office of the Embassy of China in Georgia, I would like to present my compliments to the Ministry of Labour, Health and Social Affairs of Georgia and have the honor to inform the following.

In order to strengthen bilateral relationship between China and Georgia, the Chinese Government is advancing the implementation of the project of "Strengthening technical capacity of infectious diseases control service in Georgia" (hereinafter referred to as the Project) as requested by the Georgian Government.

1. about the equipment to be provided.

The Chinese side has finished the feasibility study of the Project. In total, the Chinese side is going to provide 22 items. Details please refer to the attachments. The photos provided in the attachments are just for reference.

Three items including the "system for aphaeresis", "High-throughput (next generation) sequencing system" and "automated immunofluorescence processor" could not be provided because the Chinese side could not produce by now.

The no defect guarantee period for the quality of the equipment provided will be 2 years.

The standards of the equipment will be in compliance with the Chinese standard. If the Georgian side has special requirement of the equipment, please inform us and the Chinese side will study the feasibility.

2. about the responsibilities of both sides.

The Chinese side will be responsible for the delivering the equipment to Tbilisi, dispatching technicians to Georgia for pre-engineering survey and acceptance instructions, installing and commissioning of some items of the equipment, training the Georgian technicians for using and maintenance of the equipment. The cost and

expenses of the above-mentioned activities should be covered by the grant provided by the Chinese Government to the Georgian Government.

The Georgian side should be responsible for the customs clearance, delivery, transportation, storage of the equipment after its arrival in Tbilisi and the building of the equipment room and the installation of the furniture. The cost and expenses of the above-mentioned activities should be borne by the Georgian side.

3. According to the regulations of the Chinese government, all the equipment provided by the Chinese side will be labeled in the obvious places with the label of "CHINA AID". If it's not accepted, the Project could not be move forward.

4. If both sides agree to implement the Project, the Georgian side should allow and cooperate with the Chinese side to carry out necessary publicity during the implementation process.

We would like to have your feedback regarding the above issues at your earliest conveniences. If you have any questions, please don't hesitate to contact us.
