№ 01/57807

13 / September / 2017

Dr. Zsuzsanna Jakab
WHO Regional Director for Europe

Dear Dr. Jakab,

Let me express my deep respect to you and to the organization you represent. As we got familiar with the "Status of measles and rubella elimination in Georgia 2016", that you provided, we would like to express our sincere gratitude towards your personal assistance in this effort. The benefit that our country gets from the constant support of WHO regional office technical team is invaluable.

Hereby, I would like to inform you that according to the measles/rubella elimination strategy, our country owns an adequate quantity of vaccines, updated surveillance guideline and also „National Action Plan for Elimination Measles, Rubella and Congenital Rubella Syndrome in Georgia“. All these will make us able to join other 42 countries of European Region, which have capacity to interrupt endemic measles transmission. We hope, that Georgia will be able to completely eliminate Measles and rubella within the country.

Yours sincerely,

Acting Minister

Zaza Sopromadze
