Dear David,

Thank you again for your collaboration and leadership. One thing we forgot to mention, is:

We need someone assigned by you to manage the content for the HCV Elimination website- it is actually ready to be populated! I understand that the IT Team/Alex is ready to support, but needs a POC at the Ministry is needed, perhaps someone from the PR department? Of course are also happy to support. Let us know who we should work with/advise Alex.

best, FA
