Subject: Re: F/U TAG Meeting:

Hello Francisco

TAG really went very well!

It would be great if we (you, Muazzam and Beth) could meet at Wednesday.

I will try to give exact time later.

All of mentioned (in your letter) issues are important.

Kind Regards

David

Subject: F/U TAG Meeting:

Dear David,

Thank you again for very great TAG meeting, I think went extremely well. As we discussed, it is important that we meet to agree on next steps. Some of the issues to reach agreement are:

1- Decentralization: we are planning with NCDC this meeting for this Friday, to launch the work group, and it is critical of course for MOLHSA involvement?, including for reasons of addressing issues to allow for screening and treatment in primary care, hospitals, and harm reduction. Please nominate appropriate counterpart.

2- IT and website updates

3- Spring workshop

4- EASL

5- expand use of core Ag

6- SOF/VEL introduction

?We will be sending you a summary of meeting with Dr. Amiran and IT monthly report. Is it possible that we can meet on Wednesday? Any time? If not, please advise dates and times you are free this week. Also, who would you like to meet? I propose Muazzam and Beth join me, but let me know your preference.

I look forward to meeting again soon, best, FA
