Dear Dr. Sergeenko,

I would really appreciate if you could send me your final EASL presentation, as it has been asked here in my Division.

Thanks, and I hope all is well at your end.

Dear all,

It was great seeing you in Amsterdam last week. EASL special session was a great success and I appreciate everyone's contribution towards this achievement.

I would to like to request you all to send me your final EASL presentations for our record. I would appreciate it.

Thanks.

Subject: EASL presentations--Feedback
Importance: High

Dear all,

Francisco and I reviewed together all presentations. You all did a nice job, however we have made edits and specific comments on each of the presentation to be succinct. We would appreciate addressing those before uploading them at the conference center.

Thank you again everyone, and looking forward to meeting with you at EASL next week.

Muazzam

Subject: CDC-EASL special session update/instructions
Importance: High

Dear all,

I hope this email finds you well. As you all know there will be a joint CDC-EASL special session on Georgia in April. As a Co-Chair of this session, I want to give you some updates so we all are well prepared. Specifics of the session are:

Chairs: Muazzam Nasrullah (CDC); Massimo Colombo (EASL)

Title: Progress Towards Hepatitis C Elimination in the Country of Georgia

Day: Friday, April 21, 2017

Time: 16:00-18:00

Venue: D201

Agenda/Speakers: Attached

Instructions for preparing the presentations can be found at <https://ilc-congress.eu/oral-presenters/> . Please note that EASL want their template for presentations. I am attaching the EASL template for your convenience.

I would like to request all speakers to send me their slides by April 10th so we make sure that all presentations are complimentary to each other. As mentioned in the attached agenda, each presentation is 15min with 5min Q&A, therefore please limit your slides to a total of 12. I would also appreciate sending me your very brief biography for your introductions at the beginning of each presentation.

Please let me know if you have any question/s.

Thanks, and looking forward to see you all at EASL.
