Dear all,

I hope you are well. It's time of the year again to start preparing for EASL 2018. To update you, like previous 2 years, we have proposed a CDC-EASL special session on Georgia to International Liver Congress (ILC). Although no guarantees but our request is under consideration, and will be discussed at their next Governing Board meeting in December of this year. We expect to hear from them at the end or early next year. I will let everyone know, the moment I will hear back from ILC/EASL.

Thank you everyone for their support.

Muazzam
