Dear all,

I hope this email finds you in good health. I am looking forward to meeting with you all at the upcoming EASL conference in Paris. I, as a Co-Chair to this session, want to share with everyone the final agenda including time and venue (attach). I would also like to request everyone to please forward your presentation slides to me by **April 4th** so to better coordinate the session, and avoid any overlap/duplication. This would also allow sometime, if there is a need to go back and forth with the presentations. I, again, want to thank you everyone for their time, and looking forward to the excellent session. Please let me know if you have any question/s.

Best regards,

Muazzam
