Subject: request for a meeting with Minister Sergeenko

Dear Sopo,

I hope this email finds you well.

During the call we had last Thursday (at 8pm!) with Minister Sergeenko and my colleagues from Atlanta we discussed a new Hep C diagnostic test (core antigen). The Minister asked if we could have a brief follow up meeting with him so we could share additional information regarding this test.

I am reaching out to you to see if this meeting could be scheduled for later this week, maybe Friday May 19th or if not Monday May 22nd. I travel on May 23rd so I will not be available after Monday until the following week.

Maia Alkhazashvili, Beth Skaggs and myself will be participating in the meeting. I will need to inquire with Dr. Amiran if he will also be joining.

Kind regards,
Juliette
