By an Authorized Official of HJF:  Name: Shiloh M. Davis Title: Subaward Manager, Office of Sponsored Programs	By an Authorized Official of Collaborator:  Name: Paata Imnadze Title: Science Director of NCDC
3/31/2015 Date	03.29.2015 Date

Attachment 4 Subaward Reporting Requirements

- A. Collaborator shall submit interim reports (e.g., monthly, quarterly, and/or annual) summarizing the research findings with respect to the approved Statement of Work in accordance with the schedule below. A copy of the report(s) shall be submitted to the Foundation's Principal Investigator and the Foundation Administrative Contact listed on Attachment 3.

<u>Report Type</u>	<u>Period Covered</u>	<u>Report due on</u>
Annual Report	4/15/2014 – 7/31/2015	8/15/2015

- B. In lieu of the last interim report due, Collaborator shall submit a final report summarizing the entire research effort, including all data and findings from interim reports, no later than 30 days after the end date of the Period of Performance. The final report will provide a complete reporting of the research findings and shall include a bibliography of all publications and meeting abstracts resulting from the research. A copy of the report shall be submitted to the Foundation's Principal Investigator and the Foundation Administrative Contact listed on Attachment 3.

- C. Special Reporting Requirement. Collaborator shall submit special reports as required by the Prime Award and as detailed below. A copy of this report shall be submitted to the Foundation's Principal Investigator and the Foundation Administrative Contact listed on Attachment 3.

The report(s) should be provided as per the following schedule:

<u>Period Covered</u>	<u>Report due on</u>
N/A	

D. Additional Reporting Requirements

1. In accordance with 37 CFR 401.14, Collaborator shall notify Foundation's Administrative Contact, as stated in Attachment 3, within two months after Collaborator's inventor discloses invention(s) in writing to Collaborator personnel responsible for patent matters. A Final Patent Report shall be submitted to the Foundation Administrative Contact identified in Attachment 3 within sixty (60) days of the termination date of this Subaward. A negative report is required if there were no inventions under this Subaward.
2. All reporting shall be in English and in U.S. dollars (\$US).

- E. Payments will be withheld if the required reports are not submitted when due.

- F. The reporting requirements listed above supersede any reporting requirements listed in the Prime Award.

- G. Although there is no page limitation for the reports, each report shall be of sufficient length to provide a thorough description of the accomplishments with respect to the approved Statement of Work.

- H. All reports shall have the following elements in this order: front cover, table of contents, introduction, body, key research accomplishments, reportable outcomes, conclusions, references, and appendices.

Front Cover: To include: project title; type of report, principal investigator name, period of time report covers, name and address of recipient organization; HJF subaward number, date of report.

Table Of Contents

Introduction: Narrative that briefly describes the subject, purpose, and scope of the research.

Body: This section of the report shall describe the research accomplishments associated with each task outlined in the approved Statement of Work. Data presentation shall be comprehensive in providing a complete record of the research findings for the period of the report. Appended publications and/or presentations may be substituted for detailed descriptions but must be referenced in the body of the report. If applicable, for each task outlined in the Statement of Work, reference appended publications and/or presentations for details of result findings and tables and/or figures. The report shall include negative as well as positive findings. Include problems in accomplishing any of the tasks. Recommended changes or future work to better address the research topic may also be included.

Key Research Accomplishments: Bulleted list of key research accomplishments emanating from this research.

Reportable Outcomes: Provide a list of reportable outcomes that have resulted from this research to include (if applicable): manuscripts, abstracts, presentations; patents and licenses applied for and/or issued; degrees obtained that are supported by this award; development of cell lines, tissue or serum repositories; informatics such as databases and animal models, etc.

Conclusions: Summarize the results to include the importance and/or implications of the completed research and, when necessary, recommend changes on future work to better address the problem.

References: List all references pertinent to the report using a standard journal format (i.e., format used in *Science*).

Appendices: Attach all appendices that contain information that supplements, clarifies, or supports the text. Examples include original copies of journal articles, reprints of manuscripts and abstracts, patent applications, study questionnaires, and surveys, etc.
