3 May 2017

Dr Nino Berdzuli
Deputy Minister
Ministry of Labour, Health and Social Affairs
144, Ak. Tsereteli Ave.
0119 Tbilisi
Georgia

Dear Dr Berdzuli, *dear Nino,*

**Advanced Course on Health Information and Evidence for Policy Making,
Bosnia and Herzegovina, 27 June – 1 July 2017**

We would like to inform you that the World Health Organization Regional Office for Europe is planning the above workshop. An outline of the scope and purpose of the course, including a participant profile, is enclosed.

This workshop is taking place as a follow up to the Autumn School on Health Information which was held in Bucharest, Romania in October 2016 which was attended by participants from 11 countries of the WHO European Region. It is expected that these participants would now also attend this upcoming Advanced course to receive more in-depth training on selected topics.

I would be grateful if you could confirm the names of the two participants among those who attended the previous Autumn School to now attend the above-mentioned course in Bosnia and Herzegovina. In case these persons no longer serve in the same function, we would invite you to nominate new participants.

The working languages of the workshop will be English and Russian with simultaneous interpretation provided. The WHO Regional Office for Europe will manage the technical content and administrative processes of the participants' travel and accommodation. Please note that the Regional Office no longer reimburses visa costs to meeting participants.

I look forward to receiving your reply at your earliest convenience, but latest on **26 May 2017**. We shall then communicate with the workshop participants directly and provide them with the necessary documentation and administrative information. Please address your reply to Tina Dannemann Purnat, acting Programme Manager, Health Information, Monitoring and Analysis (purnatt@who.int).

I would like to take this opportunity to thank you for our continuous fruitful collaboration.

Yours very truly,

Claudia Stein, MD, MSc, PhD, FFPH
Director
Division of Information, Evidence, Research and Innovation
