

Australian Government

Department of Health

Licence and permission to export and/or import controlled drug substances

In pursuance of regulation 10 of the *Customs (Prohibited Exports Regulations) 1958* and regulation 5, 5A of the *Customs (Prohibited Imports) Regulations 1956*, the person named in Table 1 is granted a:

- licence and permission to export from Australia any drug substance named in Table 2 in the quantities specified therein and
- a licence and permission to import into Australia any unused portion of the previously exported drug substances.

Table 1 - Names of person(s) to whom licence and permission is granted

Dr Tracy Peters

This permission is granted subject to the following conditions:

- 1- The export/import of any controlled substances listed in Table 2 is for the purpose of undertaking medical duties relating to **Australian Rugby Union U20s**
- 2- The goods shall remain under the care of the person(s) named in this authorisation;
- 3- The goods imported on this permission are the same goods that were exported from Australia and no substitution of these goods is to take place while they are overseas;
- 4- Any injection ampoules included in the kit are not broken or contaminated in any way, nor showing any visible signs of degradation;
- 5- The goods cannot be used for commercial supply or on-sale once brought back into Australia;
- 6- This authorisation is valid for export of the drug substances from the day of issue and the import of any unused portion of the drug substances prior to **28 June 2017**.

Notes:

This licence/permission authorises export/import activities from and into Australia under Australian Customs legislation. This licence/permission should be produced on request to the Australian Border Force by the person exporting/importing the medications.

The manifest of the drug substances being carried by **Dr Tracy Peters** is listed in Table 2. Licence and permission has been granted to export/import all listed drugs that would otherwise be prohibited imports/exports in accordance with the *Customs (Prohibited Imports) Regulations 1956* and the *Customs (Prohibited Exports Regulations) 1958*. The list of drug substances (as listed in Table 2) also include drugs that are not prohibited imports or prohibited exports and for which no licence/permission to export/import is required.

Darren Jones
