Mr. Giovanni Leonardi
Director General for Research
and Innovation in Healthcare
Ministry of Health of Italy
Via Giorgio Ribotta 5
00144 Roma, Italy

Dear Mr. Leonardi,

With this letter I would like to kindly inform you that the Ministry of Labour, Health and Social Affairs of Georgia is interested in building partnership with Italian cancer network in the field of oncology.

Ensuring consistent delivery of high-quality cancer care to Georgian patients is among the top priorities of the Ministry.

Despite the fact that the oncology services in Georgia are delivered through various private medical institutions, still there is a need to establish oncology center for excellence based on public-private partnership, where all high quality medical services would be provided to the population of Georgia in moderate and acceptable prices.

We reiterate the significance of the experience and technical support that you and your team could offer to the Ministry of Labour, Health and Social Affairs of Georgia and express our intention to establish close collaboration between our institutions in the field of oncology.

Looking forward to further cooperation and consolidation of joint partnership initiatives.

Sincerely yours,

Minister

David Sergeenko
