Transfer to Malá Skála (from CUNI FS, Albertov 6, Praha 2 – according to the arrivals of participants)

Accommodation in private apartments

Sunday, 15 March

09:00 Morning coffee and registration of participants

09:30 Organizational meeting: Acquainting with the training course venue, methods of work and the requirements of the course

10:00 Pre-course assessment

10:30 Opening of the course

10:45 Short Break

11:00 Why population size and structures matter? Population change and its components. History of population change and lessons learned: Demographic transitions, demographic window of opportunity and demographic dividend

12:30 Lunch

13:30 Malá Skála and its surroundings

16:00 Population dynamics, demographic ageing and its inter-linkages with development issues: Advancing the ICPD, SDGs and MIPAA

Monday, 16 March

- 09:30 Demographic view on fertility: Basic concepts, measuring and comparing fertility, replacement fertility
- 10:30 Coffee break
- 11:00 Fertility: Basic patterns and trends in period and cohort perspectives, quantum and tempo effects
- 12:30 Lunch
- 14:00 History, causes, prospects and consequences of changing fertility in the world and EECA region
- 15:30 Coffee break
- 16:00 Role of fertility in population reproduction and demographic ageing in different parts of the world and EECA region

Tuesday, 17 March

- 09:00 Demographic view on mortality: Basic concepts, measuring and comparing mortality, life tables and life expectancy
- 10:30 Coffee break
- 11:00 Mortality: Basic patterns and trends in period and cohort perspectives, epidemiological transitions
- 12:30 Lunch
- 14:00 History, causes, prospects and consequences of changing mortality in the world and EECA region
- 15:30 Coffee break
- 16:00 Role of mortality in population reproduction and demographic ageing in different parts of the world and EECA region

Wednesday, 18 March

- 09:00 Migration: Basic concepts, measuring and comparing migration, levels, patterns and major trends
- 10:30 Coffee break
- 11:00 Gains and losses caused by international migration: Consequences of migration for countries of origin and destination
- 12:30 Lunch
- 14:00 Challenges and possible solutions for the migration data collection, the urgent need for harmonization of statistics
- 15:30 Coffee break
- 16:00 Role of migration in population reproduction and demographic ageing in different parts of the world and EECA region

Thursday, 19 March

- 09:00 Recent population developments in the world and EECA region
- 10:30 Coffee break
- 11:00 Population prospects of the world and EECA region countries
- 12:30 Lunch
- 14:00 Demographic ageing process: Its characteristics, determinants and world prospects
- 15:30 Coffee break
- 16:00 Effective measures against demographic ageing: Elimination, mitigation or adaptation?

Friday, 20 March

- 09:00 Seminar on population development and ageing in EECA region countries: Country reports presentation and discussion
- 10:30 Coffee break
- 11:30 Seminar on population development and ageing in EECA region countries: Country reports presentation and discussion
- 12:30 Lunch
- 14:00 Seminar on population development and ageing in EECA region countries: Country reports presentation and discussion

Saturday, 21 March

- 08:00 Departure for an all-day excursion to Prague (arrival at about 19:30) with a guided tour "Royal Route" (from the Municipal House through Old Town and Lesser Town to the Prague Castle area)

Sunday, 22 March

- 07:00 Day off / Paid trip to Dresden (Germany) (the price of return train ticket is about 11 EUR, departure at 7:00 and arrival at about 21:00)

Monday, 23 March

- 09:00 Public policy and its instruments
- 09:45 Public policy process: Problem delimitation and recognition
- 10:30 Coffee break
- 11:00 Public policy process: Policy formulation and decision-making
- 11:45 Public policy process: Policy implementation and evaluation
- 12:30 Lunch
- 14:00 Statistical problems of population surveys
- 14:45 Population census: How to make it successful?
- 15:30 Coffee
- 16:00 Harmonization of statistics: Its needs and advantages

Tuesday, 24 March

- 09:00 Vital statistics, migration statistics and population balance in the inter-census period
- 09:45 Alternatives sources of population data and population estimates
- 10:30 Coffee break
- 11:00 Population forecasts and model projections in policy-making, planning and management, and the need for a system of official population forecasts making and using
- 12:30 Lunch
- 14:00 Reproductive health, reproductive rights and family planning: Concepts, information resources and developments
- 15:30 Coffee break
- 16:00 Policy responses focused on fertility, reproductive health and family

Wednesday, 25 March

- 09:00 International policy frameworks on ageing. MIPAA and its regional implementation strategies
- 10:30 Coffee
- 11:00 Approaches for policy on ageing: Empowerment of older persons; mainstreaming of ageing

- 11:45 Key issues in ageing policy
- 12:30 Lunch
- 14:00 Time off

Thursday, 26 March

- 09:00 Policy on ageing: Content and process
- 09:45 National capacity on ageing: Essential components
- 10:30 Coffee break
- 11:00 Evidence-informed policy on ageing. Monitoring the implementation of policies on ageing: Institutions, approaches and indicators
- 12:30 Lunch
- 14:00 Active ageing concept, Active ageing index (AAI) and Global index on active ageing
- 15:30 Coffee break
- 16:00 AAI implementation: in the EU and non-EU countries, and at regional and local levels

Friday, 27 March

- 09:00 Historical overview of pension systems in the world
- 09:45 Pension systems' privatization in Central and Eastern Europe
- 10:30 Coffee break
- 11:00 Czech pension reform: How to reconcile equivalence with fiscal discipline
- 12:30 Lunch
- 14:00 Public policy as a tool to understand pension reforms
- 15:30 Coffee break
- 16:00 Post-course assessment, evaluation of the course
- 16:45 Presentation of certificates and closing of the course
- 18:30 Farewell dinner

Saturday, 28 March

Departure of participants

Note: *Individual and small group consultations will be available on request every day after finishing the scheduled program.*
