**Subject:** Pre-Congress Sessions, July 13-14, 2019, iHEA 2019 Congress, Basel - registration

Dear Keti and Zarina,

Hope both of you are doing fine. I am writing to you as only two of you are coming to Basel to participate at pre-congress NHA sessions on 13<sup>th</sup> July. You should have met in Budapest last year in June, hope you remember each other  
☺

I am glad that you both can come to Basel and be discussants at two different sessions that I mentioned to you in the separate emails. Please note that you don't need to prepare any presentations. I will get back to you with more details about that sessions where you are just a discussant at the panel. I should get this from Geneva HQ (Geneva) team.

In meantime, please can you register for pre-congress sessions, iHEA decided to open a registration only for pre-congress sessions also. It is very easy, you need to enter your name, organization, email and which session you plan to join. It took me 3-4 min to do and you get a confirmation for your email.

Here you are a link: <https://www.healtheconomics.org/events/EventDetails.aspx?id=1238371>

Please let me know if you have any questions in regard to the registration.

In terms of logistics, as I understood it is in the process. Zarina's travel arrangements are prepared by the WHO CO Kazakhstan, Rizabek. Keti's – Maribel is in touch with you. Please note that you need to book a hotel yourselves and pay from your per diems that you should receive. Please do a booking as soon as possible as the prices are going up and also there is limited rooms because of this congress. If you have questions, please let me know.

Looking forward to seeing you in Basel.

Regards,  
Baktygul
